Re: ***Notice of Ex Parte Presentation; Wireless E911 Location Accuracy Requirements***, PS
Docket No. 07-114

Dear Ms. Dortch:

On December 2, 2008, on behalf of TruePosition, Inc., I spoke with Renee Crittendon, Legal Advisor to Commissioner Adelstein, and left voice messages with Angela Giancarlo, Senior Legal Advisor to Commissioner McDowell, Erika Olsen, Legal Advisor to Chairman Martin, and Bruce Gottlieb, Legal Advisor to Commissioner Copps.

In each case, I indicated that TruePosition supports the creation of an E911 Technical Advisory Group (“ETAG”) as originally proposed by AT&T Inc. TruePosition believes that the ETAG will be most productive if the Commission (1) imposes a twelve month deadline with respect to the receipt of its final report and interim deadlines with respect to reports regarding significant priorities within the ETAG’s mandate; and (2) participates in, and maintains oversight of, the ETAG’s activities.

Respectfully submitted,

/s/ Philip L. Verveer
